Response to Restriction Requirement

Sir:

In response to the Notice of Restriction dated September 21, 2006, Applicant herewith elects the Group I claims 1-8; 10-13; 16-17 and 19-26 WITH traverse.

The restriction states that group 2 has separate utility "as in a system without a portable computer". This statement seems to fly in the face of the "client" and "server" language in claims like claim 30. Since there is a client and server required by claim 30, clearly this requires a computer. For this reason, the restriction is respectfully traversed.
